To protect your anonymity, fake "sign-ups" have been included by the developers. THE INFORMATION YOU SEE IN THE BIOGRAPHIES IS NOT NECESSARILY ACCURATE, but will be for anyone you match with. Read more about this below.

To ensure that those who sign up for this service remain anonymous to other users, we have included dummy information for people who have directly stated that they do not intend to make use of this service and consented to our creating fake accounts with their information. This includes a fake biography for each of those people. However, you can only match with people who have signed up for the service, and any biography you read for them is one they have written themselves. Therefore, your seeing a biography in this form does not necessarily mean it represents the views of the person named. This provides users the freedom to express their true beliefs in biographies without fear of being condemned by their fellow peers.
